An Appeal for Aid.

Mr. William Shreve Bailey of Nashville, Tenn., is in town to re-establish his printing office in this city which was destroyed by incendiaries on account of his advocacy of free schools. Mr. Bailey is a veteran propagandist of freedom and education, and has suffered many hardships in his efforts to ameliorate the condition of the poor classes in the South. He comes well endorsed and the friends of liberty and enlightenment in Boston have given him substantial aid. He will be able to receive moderate contributions from those who may be willing to help him. The following letter from the Mayor of Nashville, which will show the nature of his work there:

STATE NEWS.

ANDREWSBORO, INDIANA.

Friday afternoon Chas. Town, farmer at the Andrewsboro Central train, attempted to get on the rear of a passenger train. It was running faster than he calculated, so that he was thrown violently to the ground. He was severely injured, and his physician fears that the brain is affected.

KENNESAW, WASH.

Homes have been doing quite a business in Kennesaw and Windsor. Saturday night they stole a horse from Mr. Starrett of China, and a horse and two wagons and two harnesses from Mr. Daniels in Windsor.

There are about 70,000 tons of ice unshipped on the Kennebec and Chaudiere rivers. A portion of this, however, has been sold and will doubtless be shipped before the season closes. This does not include the ice of the Kennebec and Chaudiere rivers.

A large amount of ice will be stored the coming winter—just how much it will be impossible to tell at the present time, but enough to give employment to a large number of men. The business has been a source of great help to common laborers in this section the past year.

Wages at present vary from 75 cents to \$1.25. The ruling price for ice now is from 80 cents to \$1.25 per ton, the price depending on the quality. Freight is very low, and that is favorable to the prosecution of the business. Freight to Philadelphia are 50 to 65 cents per ton to New York 70 cents.

LINCOLN, CONN.

The cannery factory of J. Winslow Jones at Boxbury is now running to its full capacity on lobsters. About 300 fishermen are employed here to catch lobsters from a distance. In the factory 120 men and same number of girls are employed. They put up about 2000 cases per day on an average.

ROXBORO, CONN.

Rufus Parks, brother of Hon. Gorham Parks of Bangor, died at Summit, Wisconsin, recently, aged 31 years.

WASHINGTON, CONN.

Miss Laura Hunt, the young lady who was shot recently by a rebel soldier in Lawrence, was a native of Roxbury.

YORK, CONN.

Mrs. Eudora Fox of Saco, died very suddenly of heart disease, at York, recently.

A. K. P. Lord's new mill at Moderation was slightly damaged by fire Saturday night.

Rev. G. F. Holbrook, pastor of the Baptist church, Saco, has resigned.
